Mike, I thought you should see this. I won't respond but it does cause me some concern. Best, Carol

Subject: The Homeless

This Letter is to informally inform you about if there is any more pushing against the homeless you will all see the biggest media storm you have ever seen! By no means is this a threat to the safety of you or any other persons! Simply letting you know that many of us religious and legal advocates throughout the U.S. will not stand for your "Greed Over Human Life" Policies! Homeless people are being victimized by YOU instead of treated with the same rights WE ALL POSSESS in this country. We will be expecting a press conference from you on this matter before WE THE PEOPLE flood your the streets with protesters exposing your true intent, with full head on, world wide media coverage!!!
